I want to welcome you to this World Championship edition of the *International Journal of Wrestling Science*. The variety of the topics addressed in the articles demonstrates the rich knowledge base that supports our sport of wrestling. It also parallels the growth of our supporting organization—the International Network of Wrestling Researchers (INWR). Our goal is to have a representative from every country affiliated with FILA. I ask for your assistance in this venture. We have been fortunate to assemble an outstanding group of Reviewers to whom we are indebted.

*Editor’s Remarks*

Yours sincerely,

David Curby, EdD, USA
Director INWR
